

Central Hawke's Bay District Council – Report

TO: Council

FROM: Technical Services Manager

DATE: 14 May 2009

FILE REF: SER3-100

SUBJECT: UPDATE TO RESPONSIBILITY FOR STORMWATER DRAINS

1.0 SUMMARY

Following are the updated maps showing the existing private open drains that are recommended to be taken over by Council.

Council staff have reviewed the rural drain situated north of Abbotsford Road, as requested. This is a natural water course running along the bottom of a gully that picks up stormwater off a section of Abbotsford Road but has no adverse effects on the private property that the water runs through. It is not recommended that Council take over responsibility for this natural water course.

2.0 RECOMMENDATION

THAT

That the list of public open drains in Waipukurau and Waipawa as amended, be adopted, and be consulted with the community.

REASON

The Objective of the decision will contribute to the following Community Outcomes:

- *An environment that is appreciated, protected and sustained for future generations.*
- *Communities respecting the importance of our natural environment and working towards sustaining this for the wellbeing of future generations.*

3.0 BACKGROUND

The background was outlined in the “RESPONSIBILITY FOR STORMWATER DRAINS” report presented to the Services Committee on Thursday 23 April 2009.

Steve Thrush
Technical Services Manager
