Building Consents	excl GST	GST	incl GST
NOTES:			
<ul style="list-style-type: none"> Building consent deposit payable on application. The actual fee payable includes the cost of time taken to process each application, project information memorandum, building consent or compliance schedule and the cost of the inspections required. Extra charges will be applicable for development levies. These will be assessed on a case by case basis. Please contact Council for exact costs. Deposits are based on adequate documentation being provided to Council at the time of application and a set number of inspections. Further charges will be incurred should further work be required during processing and issuing consent or should extra inspections be required. It is anticipated that the scheduled deposit will cover some of Council's actual and reasonable expenses. Where additional costs are incurred, the applicant will be charged accordingly. Where, upon issue of a Code of Compliance Certificate, the deposit is found to exceed the actual and reasonable cost, a refund will be made. Building Research Association and Department of Building and Housing levies are additional to the above at the Rates specified from time to time by the Association. Pursuant to Building Research Association Legislation, materials, labour and plant costs must be included in the total value of building work for the calculation of levies. An additional charge for the Property Information Memoranda will be made when requested prior to a Building Consent Application being filed, and when the project is more than minor works. The accreditation fee is to cover continuing Central Government accreditation costs relating to the Building Act 2004. Council intend to introduce a mileage recovery component to the inspection fee.

Solid Waste Group

NOTES:

The following conditions apply to all trade refuse users of the landfill and transfer stations:

- The disposal of Special wastes (as defined in the landfill management plan) at the landfill requires the Waste Generator to complete the "Special Waste Questionnaire" and "Waste Profile Declaration". Special waste will be only accepted after Council's approval of the application.
- Hazardous waste, Prohibitive waste and Trade waste (as defined in Council's Solid Waste Bylaw) will not be accepted at Council facilities.
- Council will invoice commercial users at appropriate intervals. The assessment of volumes of refuse for charging will be based on the volume of refuse in the vehicle, not the compacted volume in the landfill. Council's assessment of volumes will be final.
- Unless agreed with Council No truckloads of trade refuse or loads of clean fill greater than 0.2m³ will be accepted at the transfer stations. Such loads may be accepted at the landfill and will be charged for separately at the landfill charge.
- Unless agreed with Council or the landfill operator no after hours access is allowed to the landfill or transfer stations. No keys to the landfill or transfer stations will be issued.

Special/Difficult Refuse is waste that is bulky, lightweight or requiring immediate burying due to containing offensive odour, or is easily wind blown, attractive to vermin, has health implications, contains asbestos, or as required by the Council or landfill operator.

Cemeteries and Crematoria	excl GST	GST	incl GST
Notes:			
<ul style="list-style-type: none"> ▪ R.S.A. Personnel: No charges are made for plots or niches for R.S.A. personnel in the R.S.A. section of the Takapau, Waipukurau or Waipawa Cemeteries but interment fees as below apply. ▪ The sale of reserve plots is restricted to one and then only in conjunction with the burial of a member of the same family. (With each application a standard form is filled out so that an accurate record of the reserve plot is kept. A copy of this form is also forwarded to the local Funeral Director.) Those persons who have reserved plots on behalf of another person or for family members cannot reserve a further plot until the original reserved plots are used. Pursuant to section 10 (4) of the Burial and Cremation Act 1964 the exclusive right of burial will lapse after sixty (60) years. All plots not used after 60 years will be offered for re-sale following deliberate effort to trace the purchaser or descendants thereof. ▪ The cost of general grounds maintenance in the cemetery including mowing plots in the lawn cemetery areas is carried out by Council and paid for in the Burial Plot Fee. However maintenance of headstones, fences, concrete-work, etc on any plot is the responsibility of the deceased's descendants and relatives. ▪ There are no additional charges for extra depth burial plots. ▪ With burials, including ashes and still born, where the grave has a concrete top additional charges are payable for concrete cutting and reinstatement.
