

Central Hawke's Bay District Council	POLICY MANUAL	
	Document #	6.6
<i>LIBRARY POLICY</i>	Approved by:	Council
	Adoption Date:	26-05-2011
	Last Amended:	26-05-2011
	Review Date:	May 2014
	Page:	Page 1 of 1

Council will provide and maintain libraries in Waipawa and Waipukurau to ensure the provision of cost effective library services for the community.

The Libraries have a fundamental role in the development and maintenance of a democratic society and support culture, education, and economic and personal development. It does this by collecting, organising, preserving and providing access to resources in a range of formats and by providing assistance and support to individuals to effectively access and use the library materials.

The Libraries should provide a sense of community and resource sharing.

Libraries should preserve our past and present for the future, foster cultural diversity and provide access to current information.
