New Zealand Pork Industry Board	P O Box 20176, Christchurch	42	S42.008	Oppose in part	<p>Camping grounds do not form part of sensitive activity and should be retained as such in the district plan. It is an activity that is temporary and transitional in nature and is not affected by some of the effects outlined in the definition of sensitive activity in the CHB proposed district plan.</p> <p>Many NZMCA campground parks are located in rural areas either or adjacent to rural zones. The NZMCA's experience has been that camping is generally very compatible with rural production and especially with pastoral farming and horticulture.</p> <p>The on-site and off-site effects generated by the pork industry are often more significant than those arising from pastoral agriculture and horticulture. It is unreasonable to expect possible adjacent land uses to be compromised through more stringent regulatory processes simply to allow the pork industry freer licence to generate these adverse effects.</p>	I seek that part of this submission is disallowed with camping grounds removed from the definition of "sensitive activity".
