1. Council will permit, upon application, amenity planting (landscape planting) on road reserve, only those plantings approved by Council and only in those places where it is physically possible to do so without detrimental effects on either road safety or any aspect of road maintenance or services located within the immediate vicinity.
2. Council has the right to cancel the permit with two (2) months notice.
3. Council has the right to remove any plantings that constitute a safety hazard or have a negative impact on the road asset.
