NATURAL ENVIRONMENT VALUES	ECO-SCHED5	Oppose	As outlined above.	<p>Request that SNA-288 is not established because the area is dissected by both planted and wilding pinus radiata. Furthermore, the planted pinus radiata is on its second rotation and the establishment of an SNA in this area will require us to apply for a resource consent when it becomes time to mill. This represents a significant additional cost for no perceivable environmental benefit.</p> <p>Lastly, we have previously requested that SNA-288 not be established but this was rejected by council. This is despite no site visit ever being conducted.</p>
