

Online submission

This is a submission that was made online via the Council's website.

Submitter No.	S74
Submitter Name	Bill MacGregor
Submitter first name	Bill
Submitter surname	MacGregor
Submitter is contact	Yes
Email	wkl.macgregor@gmail.com
Wish to be heard	No
Joint presentation	Yes
Trade competition	I could not gain an advantage in trade competition through this submission.
Directly affected	N/A
Withhold contact details?	No

GENERAL DISTRICT-WIDE MATTERS	NOISE-S5	Amend	<p>Waipukurau Aerodrome is owned and operated by the Central Hawkes Bay Aero Club (Inc) and is an unattended aerodrome. Keeping an accurate track of every aircraft movement would impose a burden on a voluntary organisation of this type.</p> <p>The aerodrome is used by a wide variety of visiting aircraft and hosts club days such as 'dawn raids' and gliding activity which see a large number of visiting aircraft creating a considerable number of movements in a short period of time but not covered by airshow exemptions. These would eat up the 6500 movements in a short period of time and create the added expense of producing AANC every two years.</p> <p>The aerodrome hosts agricultural aviation operators who also create considerable movements during their operations.</p> <p>The definition of an aircraft movement as either one takeoff or one landing impacts on flight training activity such that a training aircraft doing five circuits in an hour counts as 10 movements. A quiet weekend of flight training will use at least 200 movements by the aero club alone so a minimum of 10,000 movements is needed to avoid having to invoke the requirement for AANC development. 15,000 movements should thus cover for aero club plus visiting aircraft without an increase over current activity.</p> <p>Waipukurau aerodrome is a valuable privately owned and operated facility which provides a valuable community asset for a variety of regular and emergency uses at no cost to the community. Please do not impose extra costs on such a public good.</p>	<p>Amend NOISE-S5 (21)(b) Where the total number of annual aircraft movements are less than 6500 15,000 per year no compliance contouring is required.</p> <p>Amend NOISE-S5 (21)(c) Where the total number of annual aircraft movements are is greater than 6500 15000, the operators of Waipukurau Aerodrome must produce 55dB and 65 dB Annual Aircraft Noise Contours (AANC),</p> <p>Amend NOISE-S5 (22) by adding an extra sub-paragraph. New sub-paragraph: g. Aircraft involved in agricultural aviation activities ancillary to primary production.</p>
