

# Pōrangahau and Wimbledon Road Update

In June 2019 Council received \$20.1m in Provincial Growth Funding (PGF) from the Ministry of Business, Innovation and Employment (MBIE) to improve transport infrastructure for communities on Pōrangahau and Wimbledon Roads.

With growing volumes of freight using the route, reliability and resilience needs to be assured if the regional economy is to be protected and opportunities for productivity are enhanced.

Through this two year project we are working to provide future generations with safe and durable roading infrastructure along what is a key thoroughfare in our district. Below is an outline of what we have achieved in Year One of our two year delivery programme from July 2020 through to June 2021.

**Pōrangahau Road Area Wide Pavement Renewal**  
Russell Roads Complete

**Pōrangahau Road Retaining Wall 177**  
Russell Roads Complete

**Wallingford Bridge Strengthening**  
Concrete Structures Complete

**Wimbledon Road Retaining Wall 283**  
Russell Roads Complete
