MAY IT PLEASE THE PANEL—

- 1 Pursuant to the direction of the panel on Thursday, 13 July 2023, the applicant proposes the following timetable for exchanges following the oral component of the hearing:

Date	Event	Comment
21 July 2023	Initial Meeting between Mr O’Leary and Ms Foster	Purpose to confirm between planners the list of matters to be addressed
	Mr O’Leary and Ms Foster will informally correspond about issues.	
21 August 2023	Follow up meeting between Mr O’Leary and Ms Foster if issues not resolved previously	Mr O’Leary has said Mr Wiffen should be invited to this process. We understand that had been addressed by a direction from the chair at the end of the oral hearing. The record of the hearing will confirm what was directed.
28 August 2023	Mr O’Leary to circulate revised conditions proposed on behalf of Council	We anticipate the site visit will have occurred by this time.
4 September 2023	Applicant to circulate their proposed condition with written reply	Depending on what is proposed by Council, conditions will either be consolidated with Mr O’Leary’s proposal or alternative conditions will be proposed by the applicant.

- 2 We have provided this memorandum in draft to the Council’s s 42A officer and do not understand there to be any objection from the Council’s perspective.
