

# #the BIG. Water Story

**CENTRAL  
HAWKE'S BAY**  
DISTRICT COUNCIL

## CHB Stormwater Improvement Project

### Churchill Street, Carpenter Street, Savage Crescent, Waipukurau

It was intended that once the water works had been completed and the Broadband installation was complete (after 20<sup>th</sup> September) Council were going to start rebuilding the road.

Due to the poor condition of the road, it is necessary to have a pavement investigation undertaken to ensure that we reconstruct the road to a standard that will last.

In light of this, Opus will be carrying out these investigations and have been programmed to be on site next week (23<sup>rd</sup> September) Once the results have been evaluated, a detailed design will follow where the surfacing contractor can rebuild the road appropriately.

At this stage, it is estimated that the contractor will be on site within a couple of weeks after the investigation to commence reconstructing the road, thus ensuring value for you as our ratepayers.

We would like to apologise for the delay, but we want to ensure we are rebuilding the road to the correct quality and standard.

We will of course notify you again once a work start date has been confirmed by the contractor.

#### [Who can I contact for more information?](#)

If you have any queries, please contact CHBDC council  
on **06 857 8060** for more information.

**Thank you, we appreciate your patience as we near the completion  
of these works!**
