Management approach	<ul style="list-style-type: none"> • Continue to work with Hawke's Bay Regional Council on planting and regeneration programmes at Aramoana Beach This will help protect the Te Angiangi marine reserve from sedimentation, stabilise the land, allow plant regeneration and improve biodiversity. This applies to the wider area • Review extent of freedom camping in the adjacent carpark • Ensure provision for day trippers so that local whānau and friends can visit on day trips • Limit freedom camping to one night / one day only to minimise impact on day visitors and wider reserve
